

## What you need to know:

- Are you eligible? Benefits are available to employees who are actively at work on the effective date of coverage and working the minimum number of hours per week stated in the contract.
- Your premiums and benefits may vary. Actual premiums and benefit amounts will be calculated by OneAmerica and may change upon reaching certain ages, according to contract terms, and are subject to change. Volumes and benefit amounts shown may be subject to reductions due to age.
- Enroll timely for guaranteed issue coverage. You may be eligible for coverage without having to answer any health questions if you enroll during the initial enrollment period when benefits are first offered by OneAmerica®, or if you enroll as a newly hired employee within 31 days after any applicable waiting period.
- Enrolling later requires approval. If you decline coverage now, you will lose your only chance to apply for group insurance coverage without having to first undergo medical underwriting. If you decide to enroll later, you will need to submit a Statement of Insurability form for review. OneAmerica will then decide to approve or deny your coverage based on your health history. You may not be approved for any type of coverage at a later date if you have any current or future medical conditions.

## What you need to do:

- Carefully review the contents of this packet. Enclosed is personal information about the benefits offered to you by OneAmerica on behalf of your employer. This is your opportunity to learn more about group insurance from OneAmerica, but it is not a complete explanation of benefits. For more information, consult the contract about exclusions, limitations, reduction of benefits, and terms under which the contract may be continued in force or discontinued.
- Review the Notices and Limitations. Visit [www.employeebenefits.aul.com](http://www.employeebenefits.aul.com) to find the Notices and Limitations, G-14320 (05 Prudent) 12/28/12. Go to Forms, Policy/Employee Admin, and Notices and Limitations.

## THE NEED FOR DISABILITY INSURANCE

# Protect your paycheck

You insure your home, car and other valuable possessions, so why not also protect what pays for all those things? Your income. Without it, think about how your mortgage/rent, groceries or credit card bills would get paid. That's where disability insurance can help.

A disability can happen to anyone at any time and it can last for a short or long period of time. Purchasing disability insurance through your workplace is a way to replace a portion of your pre-disability earnings if you get sick or hurt and are unable to work. Being prepared can help ease the financial burden for you.

### Things to think about

A severe injury or illness can leave you unable to work for years. Workers' compensation only covers injuries that happen on the job and, to qualify for coverage, you must meet certain eligibility requirements. Additionally, medical insurance will only help cover your medical costs.

You might be able to dip into savings or borrow money from loved ones, but if you don't have these options, can you really afford not to have disability insurance?

Protect yourself and your income with disability insurance.

Disability insurance can provide you with the income protection you need. Consider purchasing it today.

### Let's figure it out

Everyone's circumstances are different. This calculator can help you figure out how much you need to protect your lifestyle and the lifestyles of those you love if you become disabled.

## THE NEED FOR LIFE INSURANCE

# Protecting the ones you care about most

“How will my loved ones be taken care of when I’m gone?” This question isn’t something anyone wants to think about, but if someone depends on you for financial support, then life insurance is your answer.

**Income protection for your loved ones**

No matter what your current situation is: single, married, with or without children; life insurance helps replace your income, and will assist your family in paying final expenses. It will also allow your loved ones to continue any future plans, such as college education or savings.

**Why you need it**

There are several reasons you need life insurance. In addition to paying for burial expenses, consider life insurance an option to pay for the mortgage, medical expenses and fund college education. If you work or have savings, then you have the income to pay these bills. However, consider what happens when your loved ones no longer have your financial support.

**How much is enough**

Figuring out how much life insurance you need is hard to decide. You want to make sure you have enough to protect your family. To help you answer this question, use the calculator to estimate your expenses to think about which bills would need income protection.

**Estimate your expenses below**

Income and possessions	Amount
Annual income	
Number of years until retirement	
<b>Subtotal</b> <i>(annual income x years)</i>	
Debt and final expenses	
Mortgage/rent	
Credit card(s), car payment(s), etc.	
Funeral and burial expenses (\$7,000 is a good estimate)	
<b>Subtotal</b> <i>(debt)</i>	
Educational costs	
College expenses <i>(Approximately \$32,405/year for private, \$9,410 for state residents at public schools and \$23,893 for out-of-state residents attending public universities)</i>	
<b>Subtotal</b> <i>(education)</i>	
<b>Total needed for your life insurance</b>	<b>\$</b>

Typically, life insurance offered through work is less expensive than if you purchased it on your own. Consider purchasing life insurance today.
